

Multi-Units and Businesses

Subsidized Tree Planting Program

We help you:

- beautify your property
- replace trees lost to pests/disease
- fulfill permit requirements for planting

We make it easy by:

- providing expert advice on species and planting locations
- doing the hard work (digging and planting!)
- sharing tree care information for long-term success

What's Included

- 30 minute virtual consultation with an arborist to create a basic planting plan and help you prepare for your site consultation
- site consultation with an arborist at your property to select species and planting locations
- 5 to 8 foot tall native deciduous trees (2 to 4 foot tall native evergreen trees)
- delivery and full planting service
- tree care information
- you pay the subsidized price of only \$160-\$230 + HST per tree (approximately half of the full cost)

Native shrubs and garden kits also available
