**Backyard Tree Planting Program**  
Toronto  
Houses · Multi-Units · Businesses

[www.yourleaf.org](http://www.yourleaf.org)

**TORONTO PRIVATE TREE PROTECTION BYLAW:** Residents are sometimes required to replant trees as a condition of a tree removal permit. Our program is one way residents can plant trees to satisfy their permit conditions, but properties must meet our minimum space requirements. Contact us to determine if LEAF is your best option.

# LEAF - Local Enhancement & Appreciation of Forests

LEAF is a not-for-profit organization dedicated to the protection and improvement of our urban forest. We can help you beautify your yard with expert advice and quality service!

## The right tree in the right place.

We want you to be happy with your tree. That's why we work with you to:

- **assess** the soil and light conditions of your yard
- **ensure** your tree has enough room to grow both above and below ground
- **recommend** planting locations and species that will thrive

## Multi-units and businesses also qualify!

Supported by

All prices subject to HST

### Full Service Tree Planting Program
